

# INTERNSHIP

## Farm Camp Opportunity

We're looking for college interns to join our team!

### What is Farm Camp?

Since the summer of 2014, Roden Barnyard Adventures has been committed to growing memories and harvesting fun for all ages. Our camps offer children a wide variety of activities that allow them to be creative, be responsible, work hard, respect others - all while having a DAIRY good time! Farm Camp is hosted at Roden Echo Valley; a modern-day dairy farm that milks 900 cows 3x a day. In 2022 they built a 40-cow rotary with a viewing area to help educate all those who visit the farm. Our day includes feeding the calves, a morning and afternoon snack [typically with a lesson], fun games/activities and free time! We offer 4 different programs so each week may be a little different based on the ages you are working with.

### Intern Qualifications

- +Must be 18yo and completed 1 year of college
- +Passionate about agriculture industry
- +Eager to educate **kids** ages 4-14 about farming
- +Creative when planning new games & activities
